

# French: Our Curriculum

We believe that learning French throughout Key Stage 2 provides a valuable educational, social and cultural experience for all our pupils. It helps children to develop communication skills as well as give them a new and broader perspective on the world, encouraging them to understand their own traditions and those of others. Our intention is to provide our children with a love for learning new languages and an appreciation of the differences and nuances of foreign grammatical structures.

	Autumn	Spring	Summer

## Impact

Our children:

- Are able understand simple French which will lays the foundation for future French lessons in Key Stage 3.
- Are able to engage in simple conversations and have an awareness of the vocabulary and language needed in a variety of situations.
- Develop an awareness and respect of different cultures.
- Are more curious about learning other languages and exploring different parts of the world.
